INID SmartProx reader WG / C&D / TTL   **v 1.21**

Model:**5200** Art.:**500-5200** SN:**yyww-nnnn**

FCC ID: **YAB-NGRPSPX**   IC: **8908A-NGRPSPX**

This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received,
including interference that may cause undesired
operation.

INID SmartProx reader RS485 / RS422   **v 1.21**

Model:**5210** Art.:**500-5210** SN:**yyww-nnnn**

FCC ID: **YAB-NGRPSPX**   IC: **8908A-NGRPSPX**

This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received,
including interference that may cause undesired
operation.

INID SmartProx reader RS232   **v 1.21**

Model:**5220** Art.:**500-5220** SN:**yyww-nnnn**

FCC ID: **YAB-NGRPSPX**   IC: **8908A-NGRPSPX**

This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received,
including interference that may cause undesired
operation.

INID SmartProx PIN reader WG / C&D / TTL   **v 1.21**

Model:**5240** Art.:**500-5240** SN:**yyww-nnnn**

FCC ID: **YAB-NGRPSPX**   IC: **8908A-NGRPSPX**

This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received,
including interference that may cause undesired
operation.

INID SmartProx PIN reader RS485 / RS422   **v 1.21**

Model:**5250** Art.:**500-5250** SN:**yyww-nnnn**

FCC ID: **YAB-NGRPSPX**   IC: **8908A-NGRPSPX**

This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received,
including interference that may cause undesired
operation.

INID SmartProx PIN reader RS232   **v 1.21**

Model:**5260** Art.:**500-5260** SN:**yyww-nnnn**

FCC ID: **YAB-NGRPSPX**   IC: **8908A-NGRPSPX**

This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received,
including interference that may cause undesired
operation.
